SUMMARY

I am a creative and research-driven individual with a strong passion for transforming ideas into impactful and meaningful outcomes. With a background in content creation and storytelling, I bring the ability to analyze trends, communicate complex ideas clearly, and present innovative concepts effectively. I enjoy collaborating in dynamic environments such where problem-solving, creativity, and strategic thinking come together. My strength lies in research, ideation, communication, and structuring ideas into compelling narratives and presentations. I aim to contribute to innovative projects, support teams in developing impactful solutions, and continuously learn while building meaningful real-world experiences.

EXPERIENCE

Research and Content Developer, I.R.M.U.N (Remote)	Oct 2023 - Feb 2024
• Conducted in-depth research on global issues to support the development of conference content and materials.	
• Assisted in preparing structured research briefs and background guides for the I.R.M.U.N Meerut Conference 2023.	
• Collaborated with the insights team to ensure accurate, well-structured, and high-quality content for participants.	

Content Writer Intern, Kshitiksha Foundation (Remote)

Jun 2024 – Jul 2024

- Researched and developed content on social issues such as mental health and environmental awareness.
- Transformed complex topics into clear, engaging narratives to improve audience understanding and engagement.
- Contributed to digital outreach initiatives by creating blogs, emails, and awareness content aligned with organizational goals.

Business Development Specialist Intern, Younity. In (Remote)

Mar 2024 – Apr 2024

- Contributed to sales outreach and lead generation efforts while supporting business growth initiatives.
- Strengthened communication, negotiation, and interpersonal skills through client interactions.
- Collaborated with the team to explore strategies for improving engagement and conversion.

Content Writing Intern, LevelUp Events (Remote)

Dec 2025-Mar 2026

- Drafted and managed sponsorship emails, coordinated event flows, and handled administrative communication, including official correspondence and follow-ups.
- Assisted in planning and organizing event operations by managing schedules, documentation, and stakeholder coordination.
- Supported administrative workflows by maintaining structured communication, managing email correspondence, and ensuring smooth execution of event logistics.

Visionary Projects, Co-funder and Creative Director (Remote)

Dec 2024-Present

- Founded an initiative focused on helping businesses strengthen their digital presence through website development and social media strategy.
- Conduct research on digital trends and audience behaviour to create effective online content and branding strategies.
- Coordinate website management, content creation, and social media planning for client brands.

PROJECTS

AI-Driven Business Management System (BMS)

Jan 2026 – May 2026

- Building a full-stack Django-based system to manage inventory, staff, CRM, and business operations.
- Implementing modules like inventory tracking, task management, RBAC, billing, and dashboard analytics.
- Integrating AI features for sales insights, demand prediction, and decision support.

Sentiment Analysis Model

Jan 2025 – May 2025

- Developed a sentiment classification model (Positive, Negative, Neutral) using a domain-specific dataset.
- Applied text preprocessing and vectorization techniques for model training.
- Enabled real-time prediction through user input.

AI-Based College Information Chatbot

Jul 2025 – Nov 2025

- Developed a Flask-based web chatbot to handle college-related queries (admissions, courses, events).
- Implemented keyword-based intent recognition for automated responses.
- Designed a lightweight REST-based backend and simple web interface.

Heart Disease Detection System

Jul 2024 – Nov 2024

- Built a machine learning model to predict heart disease risk using clinical data.
- Performed preprocessing, feature scaling, and model evaluation using accuracy and confusion matrix.
- Developed a basic UI for input and prediction display.

ADDITIONAL INFORMATION/ACCOMPLISHMENTS

- General Secretary - Entrepreneurship Cell, RGIT
- Freelance Content and Copywriter
- Secured first rank in an intra-college essay writing competition with 100-plus entries.
- Hosted 6 college-level technical events.
- I have independently directed 3 plays for the college fest
